At Alliant International University presents

Ritual and Healing

Please join us for an evening celebrating Don Eulert's forthcoming ***Ritual and Healing: Ordinary and Extraordinary Transformation***. Enjoy readings from contributing authors to what reviewers have described as an "exciting" collection!

The book's contributors explore both theory and story of how ritual attends a great range of shifts in perception-- doing surgery as ritual, a music demo, transformation through art-making, political action, vision-quest, and attention to a home-cooked meal.

Readings from local authors include:
